## OUR FOUNDER

Dr. M. L. Dhawale (1927-87), Founder of the Institute of Clinical Research, was a rare phenomenon-a dedicated professional with a vast breadth and depth of knowledge, permeated by a deep humanism and concern for the underprivileged members of society. No patient was ever turned away from his chambers because of his poor financial standing. He was an author of a number of seminal books on Homoeopathic Education and Research and thus achieved international eminence.

He succeeded in a challenge that had been unsolved for close to two centuries-the challenge of '**Standardization of Individualization**'. Thus it became possible for a group of trained Homoeopathic professionals to think on similar lines and come to a common clinical conclusion eliminating the vagaries of individual idiosyncrasies. The key element in the training was the Standardized Case Record. The key concept was that of the **Unprejudiced Observer**, defined by him as one who is aware of his own prejudices and hence can exercise the choice of working through them. Only such a thoroughly trained professional is able to correctly practice Scientific, Standardized Homoeopathy. Through a series of educational experiments, he demonstrated the concept as well as the technique of training of the Unprejudiced Observer in clinical practice. He utilized **Small group discussion** as a method to reach out simultaneously to a number of learners and evolved special techniques of case presentation and evaluation. The message that he tried to pass on was that of a gradual unfolding of the process of Care of the patient, Care of a learner, Care of the process of acquiring and disseminating knowledge. In short, it was a way of life! This constituted the system of **Tri-coordinate care**.

He left behind him his students and colleagues who decided to perpetuate his memory through the work of the Trust and an Educational Institute in his name.

The Organization works with the following mission and strives to ensure that all learners imbibe values which enable them to adopt this mission in their lives- *To achieve excellence in "Integrated Homoeopathic Medical Care, Education and Research" in order to promote "Positive Health" in a cost-effective manner.*

The Ministry of AYUSH, Govt of India, has recognized the Rural Homoeopathic Hospital as a Centre of Excellence in Homoeopathy since 2008.

### **M. D. (HOM) COURSES**

The Institute has been permitted by the Government of Maharashtra (G.R. HMC-1401/101/CR-272/02/Shikshan-2 dtd. 3<sup>rd</sup> August 2002 and G.R. ### Clinical Faculty at Bhopoli

- 1) Dr. Sujit Swami – Medical officer
- 2) Dr. Manoj Patil – Medical officer

### TRAINING

1. The programme derives its unique nature from the close integration of the Principles and Practice of Homoeopathy.
2. The Training will be based on the Homoeopathy (Post graduate Degree Course) M.D. (Hom.), 1989, 2001, 2013 and 2016 notification and Amendment Regulation issued by the Central Council of Homoeopathy and the Syllabus adopted by the Maharashtra University of Health Sciences, Nashik.
3. Clinical exposure will be arranged at the various OPD and IPD setups of the Dr. M. L. Dhawale Memorial Organizations in Mumbai (Urban), Palghar (Rural), Bhopoli (Tribal) and Mobile Homoeopathic Dispensary where the learner will be guided and supervised in the *Science & Art of Case Taking, Recording & Processing on the Standardized Case Record*.
4. Guided discussion sessions/expositions/seminars where *sensitivity training, training in the use of language & logic, communication skills* and *application of clinical experience* would remain the focus, the emphasis being on acquiring mastery over the SCR© system.
5. All rules prescribed by the Central Council of Homoeopathy and the Maharashtra University of Health Sciences, Nashik with respect to the Dissertation project-based study will be strictly adhered to.
6. Postgraduate teaching differs fundamentally from that at the undergraduate level in that the initiative for learning predominantly rests on the Postgraduate student. It would be the aim of the Faculty to create suitable circumstances where

teaching-learning can occur. It is not the norm to 'cover' the syllabus.

7. Participation in the 3-day Symposia in Mumbai, Vadodara and Pune and in the public functions where clinical experiences on a pre-designed format are presented and discussed is compulsory. Prior working out of the cases is a prerequisite at these educational programs.
8. *Periodic and final evaluation* is a distinctive feature of the program.
9. *One-year housemanship* is compulsory. Students will have to complete their 2-year residency programme on the campus of the Institute. In the case of deserving candidates, avenues of clinical promotions through the residency programme of the Institute will be made available.
10. Students in Part II will get an opportunity to opt for work in the Clinical, Community or Research areas (*any one*) where special training will be accorded to inculcate special skills relevant in the practice in these fields.

### **FUTURE PROSPECTS**

1. Postgraduates may opt to join the Clinical services of the Hospital centres of the Institute to improve their clinical competence in the desired clinical areas. Posts of Medical Officers in different specialties are advertised at the end of the MD (Hom) Course each year.
2. Interested candidates may also join the PhD programme of the Institute. The Institute currently has five seats in the subjects of Organon and Medicine with Homoeopathic Philosophy, Homoeopathic Materia Medica, Paediatrics and Psychiatry. Admissions are as per the norms of the MUHS, Nashik.
3. Postgraduates from the Institute are favoured for appointments as teaching staff in Colleges all over the country.
4. Postgraduates of the Institute generally do well in their private consulting practices since the training equips them for treating all types of patients in the urban, rural and semi-rural areas.
5. Postgraduates from the Institute are favoured in Multispecialty and Corporate clinical set ups.

#### **WARNING ON RAGGING AND AFFIDAVIT**

The Central Council letter dated 30.7.2014, it is informed that the Hon'ble Supreme Court has delivered a judgment on 8.5.2009 in Civil Appeal No. 887/2009 following which the University Grants Commission has notified "UGC Regulations on Curbing the Meance of Ragging in Higher Educational Institutions 2009" on 17/6/2009 which are enforced. Ragging being a serious issue as such there is a need to change the mind set of students and parents for which it is imperative on the part of all of us to eradicate this evil completely. Prevention of ragging needs to emerge as a social awareness of programme in the Colleges for which periodically counselling of students and their parents is required. Therefore, it is requested to you to strictly follow the Anti Ragging Regulations made by UGC, and also public notices issued by UGC, concerned University and concerned State Govt. in the matter, if any need to be followed. Any case of Ragging must be promptly looked into as per said Regulations of UGC and appropriate action be taken against the erring persons with a report to UGC as well as to this Council. (the said regulation is put up on [www.antiragging.in](http://www.antiragging.in)) we are requesting you to go through

the website and fill the online information of parents and students and take printout of affidavit and submit to the college.
