We have provided several life-saving treatments to poor patients at charitable rates or sometimes even free. We extend our heartfelt gratitude to the people of Palghar, our generous donors, and well-wishers for their immense trust and support.

SheRise – A Tribute to Women

Women have always been the backbone of our community, championing health, education, and family well-being. We felicitated remarkable women who have overcome challenges, nurturing their children, prioritizing antenatal and postnatal care, opting for family planning and initiating microenterprises, serving as inspiring examples for the community. **Even men** who have undergone vasectomy surgery after two daughters joined this celebration. Around **1100 people** were part of these celebrations through all Trust's centers.
