

MLD TRUST

Happy Diwali

& a Prosperous New Year!

Dr. M. L. Dhawale Memorial Trust

Silver Jubilee

»» Dr. M. L. Dhawale Memorial Trust Hospital, Palghar(DTH) is celebrating its 25th year. It has served more than 2 million patients during this period.

To mark this occasion, we began construction of the Senior Citizen center supported by **Mr. Arun Nanda and Mr. Amit Goela** and renovation of the Hostel supported by **Mr. Pradip Rathod** of Cello Industries.

Surgeries

»» DTH has performed more than 500 various types of surgeries in the last five months. **Eighty Surgeries supported by L&T Technology Services** were conducted in a record time of 3 months instead of 10 reflecting the high demand for critical surgeries. We are proud to be able to cater to such high demand.

Operation Theater Upgradation

»» **Padma Bhushan Shri Ram Naik**, ex-Governor of Uttar Pradesh, inaugurated the upgraded OT Complex with 4 state-of-the-art Operation Theatres. Along with other surgeries we now also offer laparoscopic and cancer surgeries, joint replacement and spine surgeries, and phaco cataract surgeries. We are grateful to **DMart Foundation and Bajaj Finserv** for their support.

Cancer Care

»» With the support of **SBI Foundation**, the **Cancer Care Project** has been launched to create awareness, reduce fear, diagnose at an early stage, and provide **Homoeopathy** and Allopathy curative & palliative care. We have collaborated with other Oncology experts from other hospitals to expand the scope of treatment.

Fire Safety System

»» With generous support from the **DMart Foundation** and **IRB Infrastructure**, a fire safety system has been successfully installed at Palghar Hospital.

Vision Correction

Helping students to have a better Vision

»» Apparently, a large number of children have poor academic performance simply due to poor vision. We examined a total of 1,100 high school students. 243 out of them needed and were supplied with spectacles. Hopefully, this will lighten up their future.

Urban Clinics

»»» The Urban clinics continue to serve the slums in Mumbai. Much to the delight of our patrons in **Santacruz**, the **Homoeopathic clinic**, that was closed during the pandemic has been **reopened**.

Continued Homoeopathic Medical Education

»»» Continuing with the 'Education' legacy of Dr. M. L. Dhawale, two programs were launched in **hybrid mode** - '**Postgraduate Training Program in Principles of Standardized Practice of Homoeopathy**' for fresh graduates & '**ICR Continued Homoeopathic Education program**' for practitioners. The interactive sessions are streamed live from the new studio at Malad Center benefiting students across India.

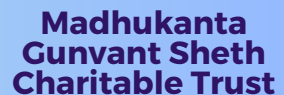

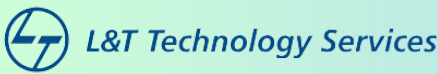

Phulora: Ranbhajya Utsav at Bhopoli Center

»»» To promote the tribal culture, we organized a Ranbhaji (Wild Vegetables) festival. The visitors were treated to hitherto unknown raw wild vegies, diverse food flavours and tribal dance performances including the famous Tarpa dance.

2024-25: A few of our partners & well-wishers!
